WHEELING FEMALE COLLEGE.

Washington Hall Last Night. Washington Hall Last Night.

The commencement exercises of the
Wheeling Female College took place in
Washington Hall last night, before a
very large and elegant audience. Indeed
the crowd was so great that very many
were compelled to stand, while some were
even unable to gain admittance. A larger
or more brilliant audience never before
assembled inside the walls of the building.

or more orninate the walls of the building.

The stage was tastefully set off with beautiful plants and rare flowers—from the grounds of our friend Thos. Hornbrook, we imagine, as that well known philanthropist is a great friend of the College. The floral display was very fine, and the sweet fragrance of fresh buds and blossoms filled the atmosphere.

Upon the stage, besides Miss A. Taylor, the President of the College, were the members of the faculty, the graduating class, the trustees, and a number of prominent gentlemen, among whom we observed the following: Governor H. M. Mathews, Sec'y of State Brady, Hon, C. D. Hubbard, Kev. D. A. Cunningham, Rev. W. C. Snodgras, Rev. T. Swain, of Philadelphia, Rev. James Moffat, Rev. T. F. Clancy, Dr. T. H. Logan, and Mesers. Thos. As pretty, indeed, as their counterfeit presentment recently gotten up in Parson's best style and presented to their esteemed President, Miss Taylor. Parsons is A No. 1 photographer, and his picture of the graduating class of '78 is one of his best efforts, and is highly prized by Miss Taylor.

After prayer by Rev. T. Swain, D. D. O. of Philadelphia, the Salutatory was read by Miss Lillie A. Kirkpatrick, of Belliare, Ohio. The paper was very carefully prepared, and gave evidence of rich intellectual powers and fine thought. The young lady's delivery was very effective in sympathy of tone and expression. She was applauded most enthusiastically, and received a beautiful collection of bouquets.

Miss Capitola Marshall, of Wheeling,
was the humorist of the evening. Her "Class Soliloquy" created considerable amusement. The young lady, in picturing her own prospects in life, and her choice of a profession in the future, gave a fair illustration of the popular idea of the "soft snaps" enjoyed by a newspaper re-porter. We trust that Miss Capitola may hold on to this beau ideal, and never have occasion to peep behind the scenes of Bohemianism.

The Valedictory, by Miss Sophie W. Logan, of Wheeling, was equal to any paper of the kind we have ever heard. It was replete with beautiful and brilli-ant passages, clothed in the purest and choicest language, and read, in a well modulated voice. The young lady is possessed of a fine mind, which has un-dergone a careful training. dergone a careful training.

"THE IDEAL WOMAN"

was the subject of an address by Miss Taylor, President of the Faculty. Miss Taylor, Said that the ideal woman is nowhere so beautifully and truly delineated as in the Bible. She then read a number of extracts from Holy Writ concerning women. The value of such a woman as Solomon described, she claimed, is above all price. She is trustworthy. Trust is essential to the happiness of all. Trifles light as air are to the jealous confirmation strong as Holy Writ." The speaker alluded to the evils attending a lack of confidence on the part of a husband toward his wife. Every wife has it in her power to do her husband good or evil, and the good and evil in her power are alike immeasurable. This applies to the husband some excellent suggestions as to how to do good in the home circle; and the lady advised the class, no matter how they may be treated by others, to do them all the good in their power.

orations we have already spoken, but to attempt a description of the handsome offerings which were poured in profusion at the feet of the young lady graduates would be a feat beyond the intellectual powers even of Miss Marshall's ideal of a commencement critic. Hence we refrain, as it were.

Judging from the literary excellence displayed by the young ladies, the Wheeling Female College is on the high tide of success. The fall term will begin Sept. 4th, and we trust that the entire Seminary building will be occupied to accommedate the increased number of pupils.

Lady Managers.—The newly appointed Lady Managers of the Children's Home held their first meeting at the Home yesterday afernoon. Rev. S. B. Barnitz, President of the Directors, occupied the chair, secording to custom at the first meeting. He requested Miss Annie Logan to act as Secretary. First, the minutes of preceding meetings, a regular one and a special one, which were the last meetings of the former Board, were read and adopted. The election of officers for the Board of Lady Managers was then held by ballot, Mrs. J. P. Harden and Miss Gertrude Lamb having been appointed tellers. The rehaving been appointed tellers. The re-sult of the vote showed the following as

The meeting was a very harmonious and pleasant one, as well as quite earnest. The different Boards as founded by the charter are now fully organized for work, and with growing interest in the community and earnest workers to encourage it, the Home will, no doubt, have a good year. It is accomplishing great good and would accomplish far more with the \$5,000 appropriation made for a new Work House than can possibly be done by using it to lay a foundation for which a superstructure may cost twenty times that amount.

"I deem it my duty to tell the world what 'Dr. Swayne's Compound Syrup of Wild Cherry' has done for me. I had a violent cough, night sweats, sore throat, great weakness, with severe attacks of hemorrhage; gave up all hopes of recovery. I am now cured, a sound and hearty man. Edward H. Hamson, engineer at Sweeney's Pottery, 1334 Ruige Avenue, Philadelphis. Over twenty-five years have elapsed, and I still remain a healthy man." Sold by Drugists. Trial bottles 25 cents. Large size \$1 00. Logan, List & Co., Wholesale Agents.

LIVER IS KING.—The Liver is the imperial organ of the whole human system, as it controls the life, health and happines of man. When it is disturbed in its proper action, all kinds of aliments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want, eodaw
